

Mrs. Harry Nash of Lawton was in town Wednesday for the day.

The preliminary organization for the next Liberty Loan are about perfected and the Drive will be in full force commencing April 6th. Every citizen in the land has now made up his mind or must do so, to respond liberally to this and succeeding calls for help. The Liberty Loan comes first, the other drives are to follow. Van Buren county must go over the top promptly and cheerfully, no one can hesitate or refuse after reading the heart rending news from the front the past week, to make whatever sacrifice is needed at home. So get ready for the Drive. This is war in its stern realities now. T. J. Cavanaugh, county chairman of the Liberty Loan committee, has made the following appointments:—Chairman of Publicity—Frank N. Wake-man; Chairman of Speaker's Bureau A. Lynn Free; Chairman of Women's Committees—Mrs. S. H. Wilson, South Haven. Township Chairmen:—Antwerp, George Murch, Mattawan—S. A. Home Demonstration
Sale Now Going On

This is the big stove event of the year—but it is for one week only—so don't wait! Come in and learn how the wonderful UNIVERSAL Combination Range bakes and roasts under most difficult conditions when other ranges fail. How it helps the Government conserve coal and reduces your fuel bills. Keeps the kitchen cool in summer, warm in winter.

This, for the reason that the

UNIVERSAL COMBINATION RANGE

(U. S. Pat. Issued Dec. 25, 1917)

burns gas and coal or wood. Better baking results, because you have your choice of fuels. Gas for quick baking, coal for slow baking, roasting, etc. Or use both at the same time if you choose; or wood in emergency.

For gas, merely turn the key the little girl is holding. One way for gas; back again for coal. No parts to change like in ordinary combination ranges, so you can't make a mistake. Just turn the key—that's all. See this demonstrated—soon as possible.

UNIVERSAL WEEK

closes Saturday. But don't wait until the last minute. Get the facts now—and particulars of our wonderful Home Demonstration Offer.

You'll fall in love with this Range at first sight. Cost is low—practically two stoves for the price of one. Made of cast-iron—will last a lifetime. Comes in plain or nickel finish and blue or black UNIVIT porcelain enamel.

Come In Today Sure!

Investigate the merits of this wonderful Range, even if you don't want a new one. Very interesting and educational demonstrations every day. Call on us. You will be under no obligation.
